- 1 The zybook that Sarita acquired us to buy is very helpful. However, the price of the book is expensive. Hope the price could be lower for NU students.
- 2 I didn't understand why the program didn't allow us to waive this course. Most of the students had taken most of the content in our high school or college, and now we need to spend thousands of bucks to recite it again, what's more, the way the instructor taught is very tedious, and set up an additional unreasonable project in the final which was the way beyond its teaching content. I would not recommend!
