Q: What were the strengths of this course and/or this instructor?

- 1 For being a 3.5 hour course Eli always made it interesting and kept me engaged the whole time.
- 2 He was an expert at the area, and were very eager to teach even the very technical and complex points about the topic concerning the practice of this subject.

Q: What could the instructor do to make this course better?

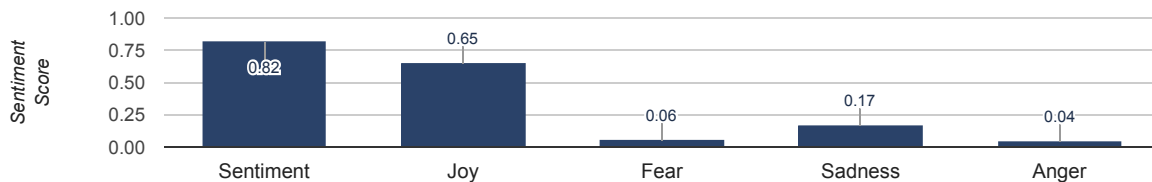

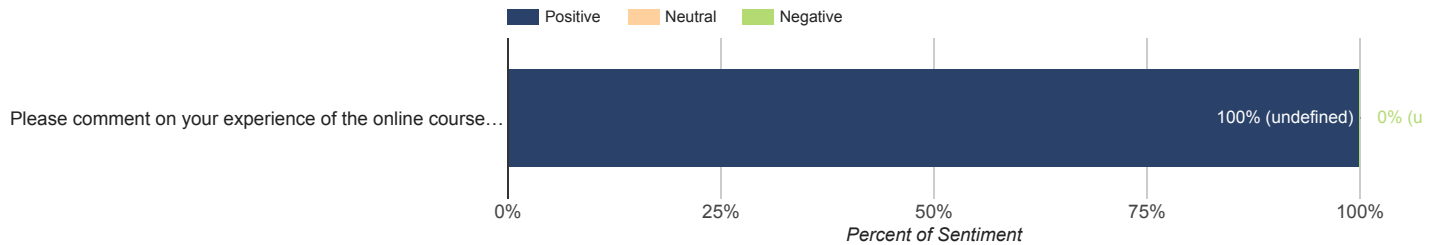

- 1 I wish he would provide a more high level, general overview of the topic before diving into the low-level knowledge. I felt lost at times because I couldn't understand the nature of the topic that I was learning.

Q: Please expand on the instructor's strengths and/or areas for improvement in facilitating inclusive learning.

- 1 He seems like an expert at the subject and can answer pretty much anything that is thrown at him. But I think this is a double edged sword because he explains the topic with too much depth at times that I get lost and unable to focus on the main idea.

Q: What I could have done to make this course better for myself.

- 1 More prep for the in class quizzes. I could have reviewed the materials twice, instead of once which I normally did.
