Q: What were the strengths of this course and/or this instructor?

- 1 Dr. Feinberg was great at guiding us through the course. He was extremely organized with his weekly layout of the concepts, labs and assignments. He was also very quick in response to any and all Piazza questions which made me get through the coursework in a smooth manner. Any questions I had were promptly getting answered. I never felt lost or alone in this course which did happen in other courses in this program.
- 2 The materials are very useful.
- 3 Quick response to questions

Q: What could the instructor do to make this course better?

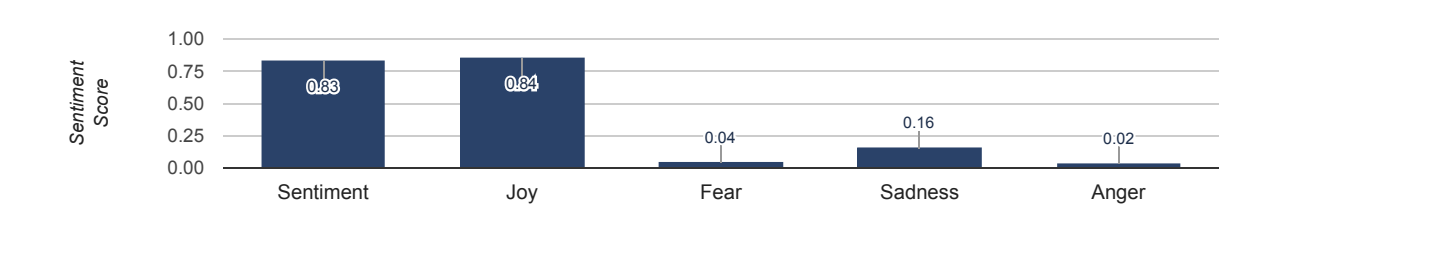

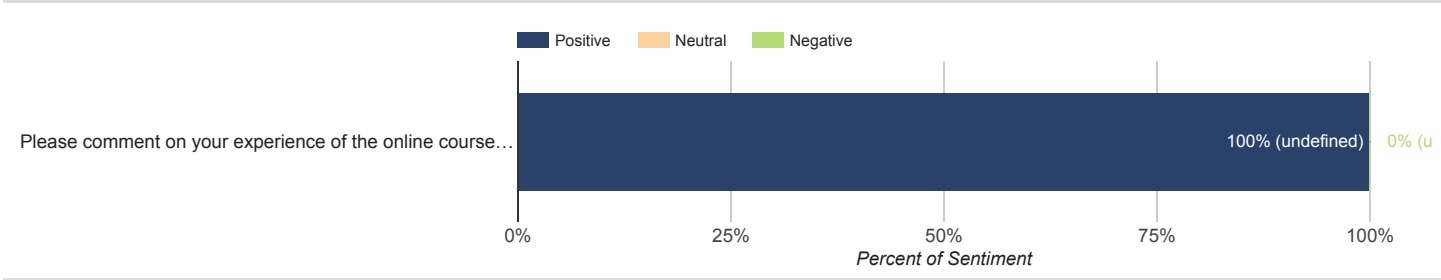

- 1 The only improvement could be to have the TAs announce their office hours a day prior rather than the day of. I work full-time and study part-time so if I knew the office hours ahead of time, I could prep my open questions and timing better.
- 2 Everything is fine.
- 3 Better wording in the assignments. Clearer instruction on gradescope/lab instructions.

Q: Please expand on the instructor’s strengths and/or areas for improvement in facilitating inclusive learning.

- 1 I don't think there are any improvements that need to be made. This was a very well organized course.
- 2 Everything is fine.
- 3 The lab could state more clearly what techniques/knowledge will be used and what the test cases expected. Clearer rules rather than the vague ones.
