Q: What were the strengths of this course and/or this instructor?

- 1 Open communication
- 2 The instructor was open to feedback and adjusted the course along the way.
- 3 Clearly explain new concepts and very open to listening to the students' advice. Amazing instructor.
- 4 The instructor is always patient to answer questions
- 5 the problem set were great.
the graph theory and induction was taught really well
learned to use latex
- 6 Patient, kind, willing to accept student's advice

Q: What could the instructor do to make this course better?

- 1 Improve on explaining content in class, maybe record his lectures so students can reference back. I got very bored in class at times and had a hard time following his explanations of the content
- 2 Be better prepared for classes and many concepts could have been explained more clearly and thorouly.
- 3 N/A
- 4 Clearer communication of the concepts, more materials like the in-class notes and supplementary materials
- 5 more problems on recursion,
text book doesnt have questions on certain topics,
after assigning the problem set give us submission link faster.
- 6 Making notes or lecture recordings available for students who had to miss class due to extenuating circumstances. Otherwise, having to get notes from a classmate is difficult.
- 7 You can talk more about the algorithm on leetcode, it will be more practical.

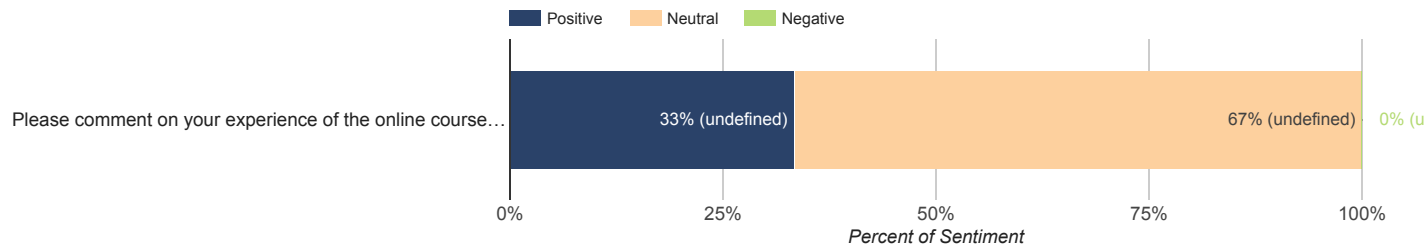

Notes can be written more clearly. It would be better to provide some notes.

Q: Please expand on the instructor's strengths and/or areas for improvement in facilitating inclusive learning.

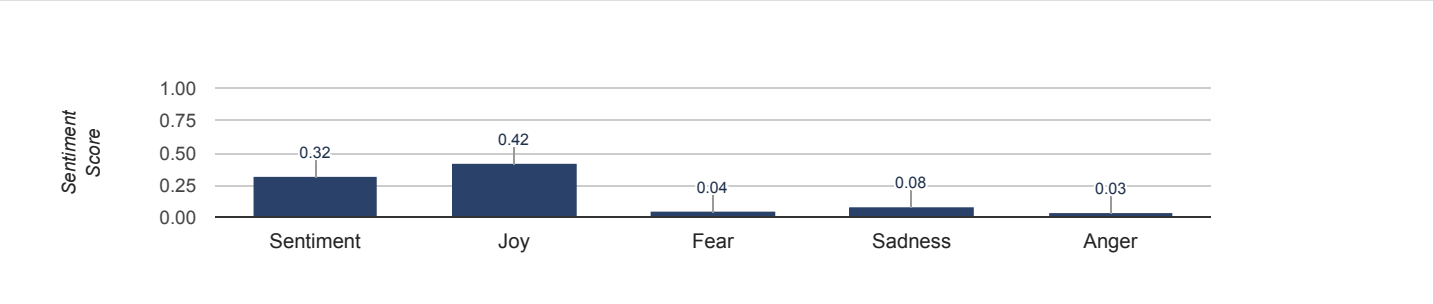

- 1 Strengths: Very open to student communication and helpful
Things to improve on: explaining content in class in a more easy way to understand
- 2 NA
- 3 More interaction with students
- 4 Some occurrences which were inconvenient for me as a student: missed office hours without any previous notice, made commitments to publish assignments, grades, etc at a certain time and didn't follow through.
