Questions to Assess Students’ Online Experience (3 comments)

Q: Please comment on your experience of the online course environment in the open-ended text box.

- 1 Online material was well organized and extremely helpful to review alongside normal class material. I appreciate that the professor uploaded Zoom recordings of class as well as linked to lecture recordings from online sessions of the course. Both were very helpful. ★★★★★
- 2 i didnt watch the online videos.. It might not be realistic to expect studying from online videos after class .. noo you wont study, please just go to class and finish everything in that 1hr class. you can also finish hw at class, so no need to do anything after class. great!★★★★☆
- 3 This class had zoom sessions but also had an in person option. It was nice to have the option to zoom into class occasionally. ★★☆☆☆
