Instructor Related Questions: Richard Hoshino (23 comments)

Q: What were the strengths of this course and/or this instructor?

- 1 The instructor is very passionate. And every class is so interesting and interactive. Every assignment is so well designed. And every comment on my assignment is so detailed and helpful. He is GREAT!
- 2 Richard is always energetic and well prepared for every class.
- 3 Richard is so friendly and pleasant to work with, highly professional and enthusiastic about what he teaches.
- 4 Richard was well-prepared to lead discussion and in-class activities.
- 5 I appreciate Richard for his passion and effective teaching method in this course. Richard made me feel math is fun and reduced my panic for math.
- 6 nice professor
He is patient and enthusiastic.
- 7 Very passionate, very kind and very effective in using the class time.
- 8 Richard is definitely one of the best professors I've ever met. He's very helpful and kind, and exhibits excellent skills in enlightening students, not only through in-class interactions, but also through every week's workshop.

Q: What could the instructor do to make this course better?

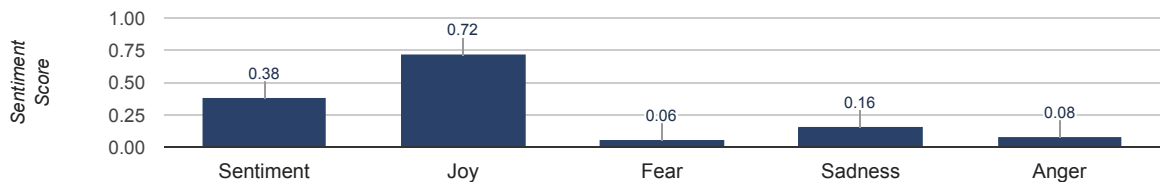

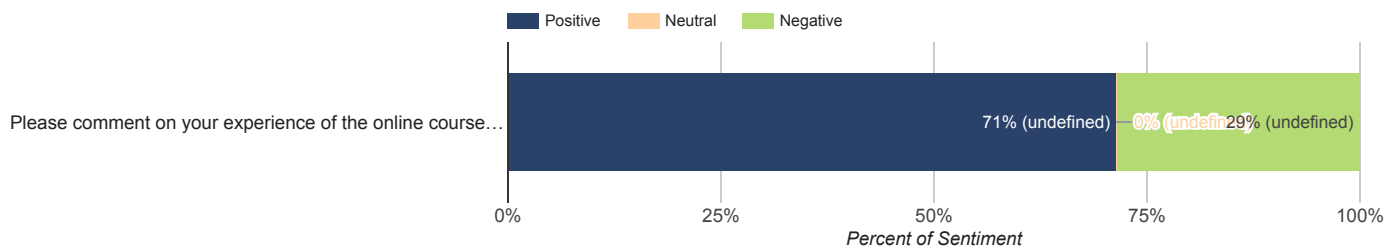

- 1 It is already the best for me.
- 2 Richard prepared great problems and examples for every class and assignment
- 3 Nothing in particular.
- 4 It was a little bit challenging sometimes to solve all the problems in the problem sets
- 5 good enough
- 6 Can't think of one thing to make this course better.
- 7 I think there's nothing that he could do better. He's already fantastic.

Q: Please expand on the instructor's strengths and/or areas for improvement in facilitating inclusive learning.

- 1 N/A
- 2 Excellent problem__sets, with modest difficulty and insightful questions. Professor Richard is so enthusiastic in teaching. But some topics are not sufficiently explored on the lecture. Sometimes students expect introductions of more complicated example to further understand theories.
- 3 Richard is an amazing instructor and I am so lucky to meet him. I think Richard could give us more hints about the problems and assignments.
- 4 Nothing in particular.
- 5 Instructor provided students with alternative ways to learn, when appropriate
- 6 energetic
always cheer up students and you can feel that if you do not understand, it is not your stupidity that is quite good to get the motivation and confidence to learn this course. It is the best math course I took ever.
- 7 The instructor really makes me voluntarily devote much time in math each week. The course is absolutely wonderful. (Although it's hard in some problem sets, but it's okay to think it back now.)
- 8 Richard is very good at enlightening students to think on their own and these interesting problem sets he designed definitely drive my passion into Discrete Math.

Questions to Assess Students' Online Experience (7 comments)

Q: Please comment on your experience of the online course environment in the open-ended text box.

- 1 good ★★★★★
- 2 Great ★★★★★
- 3 Online course videos could use some improvement in pacing and conciseness. ★★★★★
- 4 The online course materials are sometimes a little bit difficult to understand. ★☆☆☆☆
- 5 good ★★★★★
- 6 It is not bad, but I think it can be better. Also sometimes I find online resources from other websites are more helpful. Maybe some topics are more clear when explained not in video but in words or graphs. ★★★★★
- 7 The online videos are not effective in teaching core concepts. ★☆☆☆☆

Student Self-Assessment of their Effort to Achieve Course Outcomes (7 comments)

Q: What I could have done to make this course better for myself.

- 1 I think I have tried my best.
- 2 Practice more.
- 3 Nothing but I'd plan to do some revision on the problem sets in winter break.
- 4 Submit assignments on time
- 5 read more resource
- 6 I think I really try my best in this course this semester.
- 7 I think I need to pace myself more in solving the problem sets.
