#### Q: What were the strengths of this course and/or this instructor?

- 1 very chill professor who is invested in sharing his knowledge, was a very good experience
- 2 We can actually develop our VR app with headset on.
- 3 well, first of all this course was really amazing, interesting experience as expose you to build your own virtual world, so nothing more than this was matter to brings you this much enthusiasm to follow the materials eagerly.
- 4 It was interesting, inspiring, challenging, and also..fun! The instructor made it this way through high levels of ongoing engagement and real life current connections to course material.
- 5 abundantly industrial experience

#### Q: What could the instructor do to make this course better?

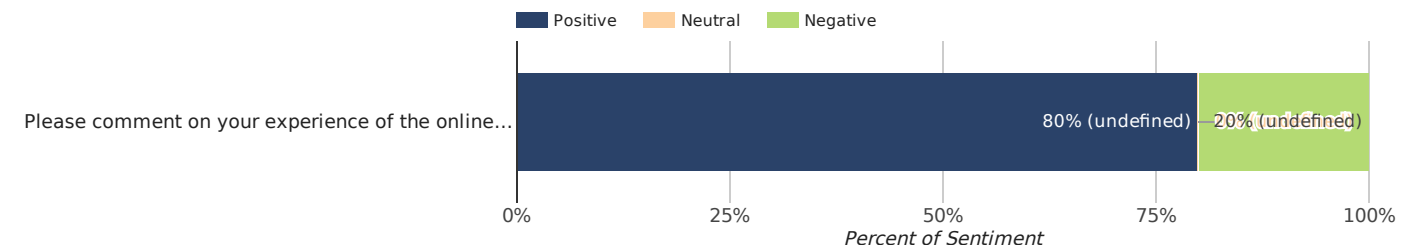

- 1 add one "make your own" assignment which is individual. we had this as group VR assignment, I think it would be fun to do this as an individual assignment as well
- 2 Maybe give us a more detailed tutorials for Unity development.
- 3 about the AR part, i found it it is more maybe vague, compare it to the VR part. that could be better if we could have some more pre ready materials to go through that for the AR.
- 4 It was perfect, I can't think of anything.
- 5 more organized for Canvas staff

#### Q: Please expand on the instructor's strengths and/or areas for improvement in facilitating inclusive learning.

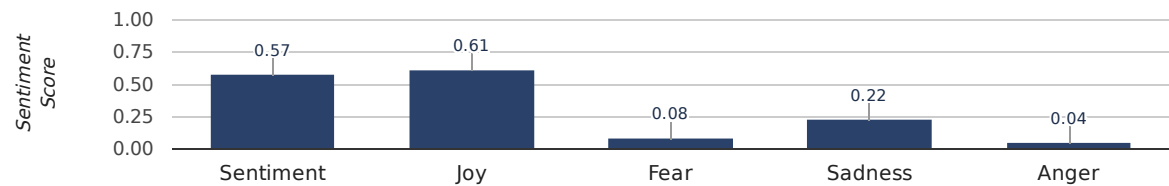

- 1 If we can have enough headsets for everyone it'll be easier for our assignment.
- 2 A totally inclusive environment was achieved.
- 3 quality Q&A time

Student Self-Assessment of their Effort to Achieve Course Outcomes (3 comments)

**Q: What I could have done to make this course better for myself.**

- 1 I could've had more game design skills (since we are using Unity)
- 2 Some basic review of C# prior to class start, but this would just be a bonus, was not necessary.
- 3 more creative implementation of the learning
