Q: What were the strengths of this course and/or this instructor?

- 1
- Professor Cobbe was always available to rectify the doubts and used to give detailed explanation of the class material and assignments which was very helpful.
- 2
- Instructor was very fair and caring. Made changes according to our contributions to the project
- 3
- The instructor comes to classroom with preparation. I could feel that the instructor really has a sketch about what he would teach in this course, which is really great.
- 4
- clear understanding of the materials, clear explanation of key concepts for a thorough understanding.
- 5
- Great explanation, willing to help during office hour, respect everyone in class

Q: What could the instructor do to make this course better?

- 1
- It would have been great if we would have learnt also about other trending databases used in the industry.
- 2
- Maybe a little bit of Python?
- 3
- If the instructor could upload the slides before class, it will be helpful for the students who taking notes.

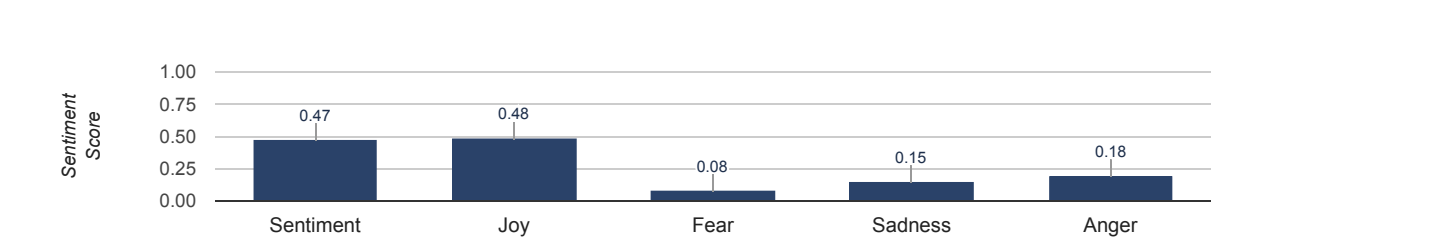

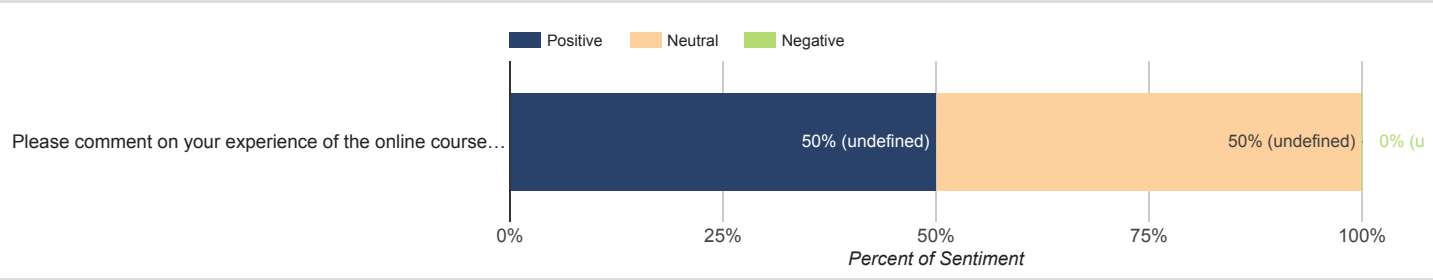

If the instructor could record the class contents, and upload the recordings after meeting time, it will be really helpful for reviewing.
- 4
- Try to use IntelliJ?
- 5
- With midterm, would be better to have some practice questions; especially with query languages.

Q: Please expand on the instructor’s strengths and/or areas for improvement in facilitating inclusive learning.

- 1
- N/A
- 2
- To be honest, this course is really great and I will recommend others to take this course.
- 3
- Already good enough for me.
- 4
- The overall concept of the projects is interesting, but sometime unsure with DAO, servlet, jsp files etc. Having everything set up correctly ready is good, but at the same time, makes me concern if I would able to build a web based on the sql file on my own.
