Q: What were the strengths of this course and/or this instructor?

1 Instructor is really nice and provides us sufficent resources.

2 Professor really cares about students and encourages students to learn more.

3 N/A

4 This course allowed for students to direct their own projects which I thought to be a strength. It gave us the responsibility and leeway to make our own decisions on project timelines and allotment.

5 Dynamic Enthusiasm, ability to set goals and help us achieve them, subject matter expert, flexible

### Q: What could the instructor do to make this course better?

1 Cut off time for the IEEE presentations

2 The course is awesome and I really learnt a lot. I would like to take it again if I could.

3 N/A

4 Schedule more frequent check in meetings with teams . We meet a lot with the TA's but it would be nice to meet with the Professor more towards the end of the semester to help reach project goals and get feedback.

5 Created more interactive classroom activities, that could help us interact with students outside of our project groups
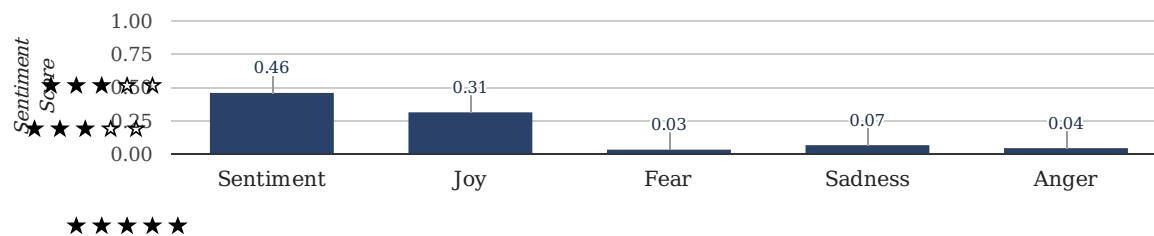

Q: Please expand on the instructor's strengths and/or areas for improvement in facilitating inclusive learning.

1 Professor shares his experience and suggestions whenever we have difficulties in our project.

2 N/A

3 Professor is a great sense of humor and I can see he enjoys his time on campus. Very accommodating and respectful, always makes a point to circle back around to catch anything that was missed and answers questions. Never rushes around but rather sticks around to make sure everyone is safe leaving school at night. Such a humble professor and I can see he puts teaching first.
