Q: What were the strengths of this course and/or this instructor?

|	
1	Course Syllabus and assignments are well structured
2	-
3	The contents of this course are recorded which are very helpful and can be referred as many times as needed. The videos make the contents easy to understand and the examples used in the videos are vivid and helpful.
4	Instructor was passionate about data science and data mining techniques and got students to think of real world applications of the methodologies/theories/lessons.
5	flexible schedule
6	Since this course was self-guided I thought that everything was organized very well, but they were available for consultation even if there was not much interaction. Still the class went well.

Q: What could the instructor do to make this course better?

1	-
2	-
3	Probably have better online videos with clearer louder speakers on the different topics. I feel some of the course material was dated on data mining techniques and I had certain media/content for learning videos that the volumes varies for each week's module
4	more interaction with our assignments
5	More clear rubrics, especially with final project

Q: Please expand on the instructor's strengths and/or areas for improvement in facilitating inclusive learning.

1	-
2	Online sessions were helpful. Very inclusive leaning. I learned a lot in this course.
3	our professor did respond our question on time
4	Strengths were the organization of all the material, and the flow of assignments and material. It all went together well.
